about |  
Current Residence – Springfield, MO

I'm an entergetic, self-motivated creative who loves to teach and learn new skills. When not at work, I love spending time with my wife, taking photos, video games, serving the local church, writing music, and building relationships with others.

My objective is to implement visual solutions that captivate viewers and provide clear, effective communication. I place equal value on quality and efficiency. I have always been deeply interested in technology as a means to create. Employers benefit from my personal drive, engagement, competence in the workplace, and desire to always improve.
