

NICHOLAS BURGHER

Graphic Designer

My objective as a graphic designer is to implement visual solutions that captivate viewers and provide clear, effective communication. I place equal value on the quality of the finished good and the process by which the design was achieved. I have always been deeply interested in technology as it is used to develop fine art of all kinds. Employers benefit from my personal drive, engagement, competence in the workplace, and extensive knowledge in design.

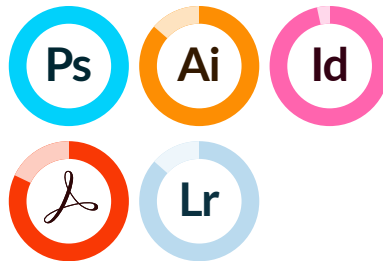

SKILLS

- Computer Graphics
- Photography
- Print Layout
- Typography
- Illustration
- Print File Setup
- Color Management
- Training
- Logo Design
- Web Development
- Conceptual Design
- Music Transcription

SOFTWARE EXPERTISE

Adobe Creative Suite

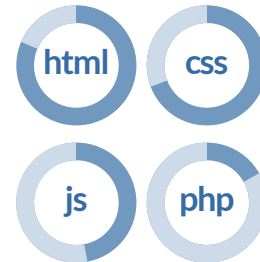

Over 14 years of hands-on experience utilizing Adobe's suite of software

Also includes:

- Premiere Pro / AfterEffects
- DreamWeaver / Xd

Programming & Coding

Utilize Excel/Google Sheets to automate data merges. This can save hours of keyline design time.

GREP coding is often used to apply automatic styling to text that meets rules. I have used this often in InDesign.

WORK EXPERIENCE

Marketing Content Coordinator – Dexter Solutions (Mar. 2014 – present [2018])

Generated marketing materials and solutions for internal company and external clients. Developed skills in print production and proofing, catalog development, design automation, data management, text formatting, email marketing design and distribution, and web design.

Contract Designer – The Marketing Bunch (Aug. 2013 – Mar. 2014)

Produced flyers, pamphlets, booklets, advertisements, PowerPoints, etc. for marketing local businesses in Polk County, MO. Gained skills in multitasking large projects and collaboration/communication with external service providers.

Meller's Dining Facility Bolivar, MO (2009-2012)

Operated dish room, served college students, participated in banquets, etc.

EDUCATION

about |
Current Residence – Springfield, MO

I'm an entergetic team member who loves to teach and learn new skills. When not at work, I love spending time with my wife, taking photos, studying the Bible, writing music, and visiting with friends.
